Doesn't make a butcher shop
Anybody can do that ! ! ! !

It takes a man who knows good market cattle when he
sees them, and another one who knows how to slaughter
right and one who knows how to cut meat. Good cattle
may be ruined for market either in slaughtering or cut-
ting on the block. Then the meat should stay in cold
storage several days. When you buy from us you get
the benefit of all our good meat and long experience.

FRANKLIN BROTHERS

THE CLIMAX IS NEAR.

War in Colombia Must Be Ended
and That Soon.

DEVASTATION GREAT

Towns Decimated and Villages Wiped
Out of Existence, Fertile Fields
Made Barren and Women
and Children Starving.

Panama, Aug. 29.—Plots and coun-
terplots fill the air. There is war here
of the most hideous kind and strife that
tears the country asunder in which
brother is pitted against brother, friend
against friend and neighbor against
neighbor. Fertile fields have been de-
vastated. Once thriving towns have
been decimated in population and vil-
lages have been wiped out of existence.
Bands of armed men occupy every high-
way and traffic is practically at a stand-
still, while frantic women mourn their
dead and hungry babes clamor for food.

The entire republic is a seething cal-
dron of unrest. So critical is the situa-
tion that even the officials of the gov-
ernment who wish to re-establish public
confidence admit that the crisis must
be reached within a few days as mat-
ters cannot long continue as they are.
Great battles must soon be fought, and
upon the results will depend not alone
the supremacy of the clashing parties in
Colombia, but also, perhaps, the integ-
rity of the territory of three neighbor-
ing republics—Venezuela, Ecuador and
Nicaragua.

Feeling runs high along the borders
and a general war may be precipitated
at any moment by a trivial incident.
The revolution has revolved itself after
lasting nearly two years into an inter-
national struggle between the Liberals
and Conservatives of four sister repub-
lics, allied in their history, contiguous
in territory, kindred by climate, by race
and by tongue.

Demands Fifty Thousand.

New York, Aug. 29.—A woman, well
dressed and of evident refinement, called
at the Vanderbilt residence on Fifth
avenue Wednesday and asked for Mr.
Vanderbilt. On being told that none of
the family was in the city she said she
had come to get \$50,000 that Mr. Van-
derbilt owed her and demanded imme-
diate payment. Her card bore the name
of Mrs. Catherine Maloney, Riverdale,
N. Y. A policeman was called and she
was taken to the police station, where
the magistrate sent her to the insane
pavilion at Bellevue for observation.

Government Cable Completed.

Seattle, Wash., Aug. 29.—Laying of
of the governments marine cable from
Skagway to Juneau was completed Aug.
23 and is now in operation. When the
missing link of line in the course of con-
struction from Vancouver to Ashcroft
is completed, there will be direct com-
munication from Skagway to Juneau to
Seattle. This it is expected will be
achieved in a few days. The cable is
primarily for use of the signal corps but
by act of congress is open for commer-
cial messages at seven cents a word.

City of Clifton Sinks.

St. Louis, Aug. 29.—The steamer City
of Clifton, owned by the St. Louis and
Tennessee River Packet company, sank
at Seventy-Six landing, about 15 miles
above Grand Tower, Ill. She was
bound for St. Louis and her cargo con-
sisted mostly of lumber. Her passen-
gers were transferred and arrived here
on the steamer Chester. The boat can
be saved. The sinking was caused by a
break, the extent of which could not be
ascertained.

The Record Coming West.

New York, Aug. 29.—The imperial
German and United States mail steam-
er Deutschland has arrived in port with
a new record to her score. This trip
was made from Cherbourg Mole to
Sandy Hook lightship in 5 days, 12
hours and 23 minutes, a distance of 3045
miles at average speed of 23 knots per
hour. This is the quickest westward
trip in point of time and over the short-
est route.

New Gold Brick Swindle.

San Francisco, Aug. 29.—The very
latest phase of a gold brick swindle has
been developed in Alaska and Klondike,
according to The Chronicle, which says
that bogus gold dust and nuggets have
been sent north in large quantities and
disposed of as the product of various
claims. Many persons are said to have
been victimized. Two secret service
agents now at Dawson are investigating
the matter.

Woman Fatally Burned.

Fort Worth, Aug. 29.—Mrs. Andrew
Aiken, wife of a railroad man who
works for the Denver road, was fatally
burned here. She attempted to light a
fire to cook dinner, using a five gallon
can of kerosene. The can exploded and
the woman was covered from head to
foot with the burning fluid.

Zachello Electrocuted.

New York, Aug. 29.—Joseph Zachel-
lo, who stabbed his mother-in-law, Mrs.

Caroline Muccio, to death at Tompkins-
ville, S. I., on Jan. 10, 1900, was put to
death today in the electric chair at
Sing Sing. Three shocks were given
before he was pronounced dead.

Walked Out of the Window.

San Antonio, Tex., Aug. 29.—James
Long of San Marcos walked in his sleep
out of the second-story window of the
Plaza hotel Wednesday night. He was
found dead in an alley alongside the
hotel with his skull crushed.

KNIGHTS TEMPLARS.

Henry Stoddard of Bryan, Tex., Elected
to the Highest Office.

Louisville, Aug. 29.—For the first
time since the conclave of the grand en-
campment of the Knights Templars be-
gan here, visitors today were able to
take full advantage of the pleasure and
sightseeing excursions which have been
on the programme every day. With no
all absorbing feature to occupy their
time the knights and their ladies went
for rides on the Ohio river, took excu-
rsions into the country to see Kentucky
farms, battlefields of Tennessee, Mam-
moth Cave and Cumberland Gap. The
festivities of the conclave reached the
climax tonight when the Knights
Templars grand ball was given in the
horse show building.

Many knights have left the city and
nearly all visitors who came to view the
spectacles of the conclave have depart-
ed. The conclave ends tomorrow.

The business meeting of the grand en-
campment was called to order at 9:30
a. m. Reports of committees took up
considerable time. The election of offi-
cers was scheduled to begin immedi-
ately after these reports and were to be by
promotion and are as follows:

Henry Bates Stoddard of Bryan, Tex.,
grand commander, to succeed Reuben
H. Lloyd of California.

Colonel George M. Moulton of Chic-
ago elected to succeed Stoddard as deputy
grand master.

Rev. H. W. Rugg of Rhode Island,
was advanced one rank to the office of
grand generalissimo, made vacant by
the elevation of Colonel Moulton.

William B. Melish of Cincinnati, was
elected to succeed Rugg as captain gen-
eral.

Joseph A. Lock of Portland, Me.,
junior warden, was made senior grand
warden.

The above officers were elected with-
out opposition.

Frank H. Thomas of Washington was
elected to the office of junior grand
warden.

BOTH STANDING FIRM.

Neither Strikers Nor Steel Officials Will
Yield to the Other.

Pittsburg, Aug. 29.—The strike situa-
tion continues quiet and devoid of inter-
esting features. While the strikers still
express satisfaction with prevailing con-
ditions, the Steel Corporation is slowly
but steadily increasing its forces at the
plants already in operation and are pre-
paring to open more mills. With this
end in view and because of ample police
protection, the American Tin Plate com-
pany, it is said, have made its Star
plant in this city the school of instruc-
tion. Skilled men are in charge, who
are instructing other men in the mys-
teries of tinplate making. When nov-
ices show a sufficient degree of profi-
ciency they are to be sent to other
plants. Managers of the various plants
of the company will be there every day
placing and teaching new men. The
management of the works say 250 men
are at work there now, but this is de-
nied by the Amalgamated officials. They
also claim that the plant is so small
that it would take many years to turn
out men enough to work the other
plants.

President Shaffer officially denied
several stories printed in the papers. He
said there was no truth in the report
that the Amalgamated association was
making efforts to effect a settlement of
the strike by trying to force the United
States Steel Corporation into arbitra-
tion through the courts. The report
that the Amalgamated lodges are vot-
ing on peace proposition is also denied
President Shaffer.

Refused Burns' Plans.

Indianapolis, Aug. 29.—The plan of
arbitration for a settlement of the steel
strike, submitted by Simon Burns,
president of the window glass workers
and also head of the Knights of Labor,
has been rejected by President Schwab,
of the steel trust. Another proposition
will be submitted to him by Burns.

All Radcliffe's Buildings Burned.

Denver, Aug. 29.—News has reached
here that a mob has burned the remain-
ing buildings belonging to William Rad-
cliffe, at Grand Mesa Lakes. It was the
burning of the hotel at this place re-
cently by a mob that caused Mr. Rad-
cliffe to call on the governor for troops
to protect his property and caused the
report that Radcliffe had appealed to
the British government for its protec-
tion, claiming to be a subject of Great
Britain. It is said that the trouble be-
gan when one of Mr. Radcliffe's guards
killed a ranchman in a controversy to
fish in the lakes. Since then all the
buildings on Radcliffe's place, including

Class mail matter.

BY CONNELLY & CARNES.

Per Week, 10c. - - Per Month, 40c.

FRIDAY, AUGUST 30, 1901.

The bill for formation of judi-
cial districts reported by the house
committee does not change this
district, the same counties being
retained as heretofore, with no ad-
ditions.

The house committee on Re-
venue and taxation reported favor-
ably the bill to tax the gross re-
ceipts of oil companies, reducing
the amount of the tax from 2 per
cent to 1 per cent. Merchants
dealing in oil are not affected by
this proposed measure.

C. F. Z. Caracristi, the great oil
expert now in Texas, says the
Beaumont oil field is only a begin-
ning of the oil discoveries in Texas.
He further says: "At the begin-
ning of the Twentieth century oil is
to coal what coal was to wood at
the beginning of the Nineteenth
century. Coal will eventually be
removed from use as a fuel and oil
will take its place."

After prayer meeting last night at
the Free Baptist church, a list of do-
nations was started for the relief of
the famine sufferers in Zapata coun-
ty. The list will be increased this
morning and sent off during the day.

A SECOND SESSION.

Legislature Requires More Time to
Pass Necessary Bills.

ONE WILL BE CALLED

It Is Said the Governor Will Be Com-
pelled to Reconvene Lawmakers
or to Run the State Gov-
ernment on Script.

Austin, Aug. 29.—There is no pos-
sible chance for the appropriation bill to
pass the special session of the legisla-
ture and another session will be had un-
less the governor runs the state on script
for the next two years.

The senate proposes to place the blame
upon the house for it finished its ap-
propriation measure and sent it over to the
house.

It has been pointed out that there is
but one institution which can run unless
an appropriation bill is passed, and that
is the university. It is claimed that
the issuance of deficiency warrants of the
other institutions would be illegal.
Taking all things together it is be-
lieved the governor will call another
extra session.

It now looks very much as if there
will be no judicial or senatorial red-
istricting. It looks as if the congression-
al and representative redistricting might
be accomplished. It is not safe to bet
on either proposition. The judicial re-
districting bill is a violent shaking up.
If it should pass, several men would
lose their jobs.

The house committee on revenue and
taxation reported favorably the bill to
tax the gross incomes of oil companies.
An amendment was adopted changing
the rate from 2 to 1 per cent. Another
amendment was adopted so as to clear
merchants who sell oil from paying the
tax.

After Robbins Again.

Austin, Aug. 29.—The senate today
attempted to have injected into the
general appropriation bill an amend-
ment providing that no officer of the
state government shall receive from the
state any salary when he is in arrears
or indebted to the state. The amend-
ment was directed at State Treasurer Robbins
who is responsible to the state for \$358,-
000, tied up in the defunct First Na-
tional bank. The object of the amend-
ment was to legislate the state treasur-
er out of office. The amendment was
voted down—16 to 8.

It was senate bill day in the house,
and the following bills passed under a
suspension of the rules: Providing for
the redemption of land sold for taxes;
amending the charter of the city of
Austin; validating the incorporation of
the city of Athens.

The measure authorizing all seacoast
cities to levy taxes for sea walls met
with 19 opposing votes and only went
to its third reading.

Negroes Ordered to Leave.

Whitesboro, Tex., Aug. 29.—Since
the murder of Mrs. Caldwell by the ne-
gro Abe Wildner, Aug. 16, there has
been more or less friction between the
whites and negroes, which culminated
Tuesday night in a crowd of 50 armed
men making the rounds of the negro
houses and ordering them to leave the
town, and not to delay, under penalty
of severe punishment. Who these men
were is not known, whether citizens of
Whitesboro or from the adjacent coun-
try. Anyway, many of the negro popu-
lation took them at their word and left.

Colorado Takes First Prize.

Louisville, Aug. 29.—Colorado com-
mandery, No. 1 of Denver captured first
prize in the competition drill teams from
commanderies of Knights Templars. St.
Bernard No. 25, the favorite with the
majority of spectators, got second place,
while Golden Gate, No. 16 of San Fran-
cisco and Hanselman No. 16, of Cincin-
nati came in for third and fourth prizes
respectively. California commandery
No. 1 being the only mounted command,
had no difficulty in capturing the trophy
for the best appearance and drill on
horseback.

Charged With Assault to Kill.

Paris, Tex., Aug. 29.—Thurman Mar-
tin, a youth 19 years old, was brought
in by Sheriff Martin from Graham,
Young county, on the charge of assault
to murder. In a difficulty with Pete
Knight, another boy, during a protracted
meeting at the Methodist church on
Round Prairie a week ago last Thurs-
day night, the latter was stabbed under
the heart with a pocketknife.

Money Changing Machine.

Houston, Aug. 29.—C. J. Wolf, pa-
tente of a money changing machine, has
received news of the sale of his
machine to a New York syndicate for
\$25,000. The work of selling the ma-
chines is to be begun immediately. He
is a stockholder in the company.

Money for State Militia.

Washington, Aug. 29.—Of the militia
appropriation the following states re-
ceive the amounts set opposite their
names: Arkansas, \$16,993; Louisiana,
\$16,993; Mississippi, \$19,117; Tennessee,
\$25,490; Texas, \$1,802; New Mexico;
\$516; Oklahoma, \$7072.

Charged With Desertion.

Taylor, Tex., Aug. 29.—After a chase
here three alleged deserters from Fort
Sam Houston were captured by Deputy
Constable Claude Smith and Deputy
Sheriff Morgan Griffith. There is a re-
ward of \$25 for the capture of each.

DEATH LIST GROWS.

Eleven Persons Dead and Nine Missing
in the Trenton's Wreck.

Philadelphia, Aug. 29.—Eleven known
dead, 9 missing and 32 injured is the
record made by the explosion of the
boilers of the steamboat City of Tren-
ton on the Delaware river late Wednes-
day afternoon. All Wednesday night
firemen and policemen, officials and em-
ployes of the Wilmington Steamboat
company, which owned the ill-fated
vessel, worked in and around the burn-
ed and blackened hull, searching for
bodies of the victims of the disaster, be-
lieved to be either in the vessel or the
water. Hundreds of men dragged the
river bottom with grappling irons and
will continue to do so until every person
that was on the boat is accounted for.
Of the eleven bodies that have been re-
covered ten have been identified.

The dead are:
John Chew of Camden, N. J.
Assistant engineer of the City of
Trenton.

Miss Elizabeth Green of Philadelphia.
William Dunn of Philadelphia.
Arthur Lansing of Trenton, N. J.
James O'Connell, fireman, Philadel-
phia.

Mott Mable, fireman, Philadelphia.
August Mable, a deck hand, Phila-
delphia.

James Graham, engineer, Trenton,
N. J.

James McCormick, Wilmington, Del.,
a passenger.

W. H. Kean, Philadelphia, a pas-
senger.

The unidentified body is so badly
burned even its sex cannot be deter-
mined.

Among the missing are Miss Ethel
Stokes of Trenton and Miss Helen
Briest, daughter of ex-Mayor John
Briest of Trenton.

A report says the City of Trenton was
racing with the rival steamer Twilight
and was carrying too much steam when
the explosion occurred. Police are in-
vestigating.

THE BOER WAR.

British War Methods Criticized by Some
English Journals.

New York, Aug. 29.—Extremes meet
in criticism of the war office methods,
says the London correspondent of The
Tribune. The pro-Boer journals magni-
fy the chance of petty reverses in Cape
Colony and reproach the government
for distorting and suppressing essential
facts in the military situation and mis-
leading the country through silly opti-
mists. Military critics consider that the
blunders committed in sending out re-
inforcements to the imperial yeomanry
without medical examination is utterly
inexcusable during the closing period
of the campaign and a staunch imperial
journal like the St. James Gazette is
unable to understand why the govern-
ment refused the offer of the Canadian
government to raise a regiment of
mounted men for hunting down the
guerrilla nor why preliminaries were
not arranged between the war office and
Ottawa, and an unpleasant impasse
avoided.

The press censorship is not a new
grievance and it does not explain the
prevailing ignorance respecting the mil-
itary operations in Cape Colony district,
where small bands of Boers have been
hiding and looting. These sections are
so far removed from the railway that it
is impossible for press agents to collect
accurate information.

Despite the pessimistic feeling ex-
pressed by many journals, it is fairly
certain that the British are slowly gain-
ing ground. The war will not end un-
der the limitations of General Kitch-
ener's proclamation in the middle of
September, but the pacification of the
most important districts will be under-
taken in earnest around Johannesburg,
Pretoria and Bloemfontein through a
revival of mining and agricultural in-
dustries.

Just as Vlakfontein was on the point
of being forgotten, the news comes that
at Graspan, near Reitz, on June 6 three
British soldiers were murdered by the
Boers. There cannot be any attempt to
justify such barbarous methods of con-
ducting warfare, but General Kitch-
ener's announcement is discredited by
some of the radicals, pending an exami-
nation of the evidence on which it had
been issued.

While there is general approval of
the instructions sent by cable by Wil-
liam St. John Broderick to General
Kitchener, the pro-Boer Daily News
maintains that the proposal to hold an
entire commando responsible for an act
which may be due to a mistake or the
insubordination of one or two men,
is altogether indefensible.

The Chronicle, which is a supporter
of Lord Rosebery, counsels caution, and
recommends to General Kitchener to
consider carefully the terms suggested
by the war secretary before embodying
them in a proclamation. Apparently
the representatives of the Boer cause in
Europe are still persisting in their ef-
forts to persuade the great powers to
move in their behalf.

Died in a Poorhouse.

Dubuque, Ia., Aug. 29.—Reuben Jar-
rett, at one time one of the wealthiest
men of early days, here, died at the
poorhouse, aged 90 years. He was one
of the pioneers, coming here in 1836.

Mob Surrounds the Jail.

Warrensburg, Mo., Aug. 29.—Three
negroes, accused of knowledge as to the
whereabouts of the murderer Francis, is
in jail here. A mob surrounds the jail
and excitement is intense.

Husband Followed Wife.

Milligan, Tex., Aug. 28.—Last
week Mr. J. A. Russell, one of the
subcontractors on the International
& Great Northern extension from
Bryan to Spring, who was grading
opposite this place, was called to
Port Arthur to attend his wife, who
was seriously sick. She died and he
carried her remains to Dallas for in-
terment. While there Mr. Russell
took sick, and this evening at 3
o'clock his son received a telegram
announcing his death.

QUESTION ANSWERED.

Yes, August Flower still has the
largest sale of any medicine in the
civilized world. Your mothers' and
grandmothers' never thought of
using anything else for Indigestion
or Billiousness. Doctors were
scarce, and they seldom heard of
Appendicitis, Nervous Prostration
or Heart Failure, etc. They used
August Flower to clean out the sys-
tem and stop fermentation of undi-
gested food, regulate the action of
the liver, stimulate the nervous and
organic action of the system, and
that is all they took when feeling
dull and bad with headaches and
other aches. You only need a few
doses of Green's August Flower, in
liquid form, to make you satisfied
there is nothing serious the matter
with you. Get Green's Prize
Almanac. For sale by Wilson-Jen-
kins Drug Co.

To Cure Dyspepsia and Indigestion.

Where do You Get Off?

It is a wise thing to know when to
get off a train, but prudence would
suggest that you get off when the
train is standing still, as you would
no doubt be worth more to your fam-
ily by doing so.

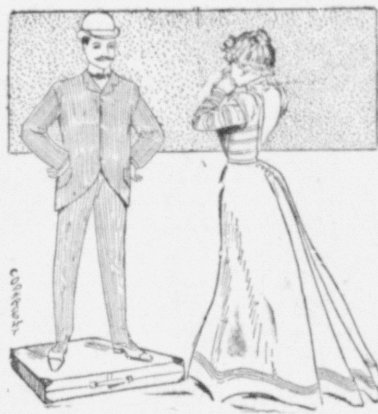

Now let us help you to decide
where to get off. If you are prepar-
ing to take your summer vacation,
why not get off at Galveston, La
Porte, Seabrook or Port Lavaca.
Our trains all stop at Houston and
make close connections with G. H.
& N., and N. Y. T. & M. railways for
points mentioned, and with the San
Antonio and Aransas Pass Railway
for Rockport, Corpus Christi and
Aransas Pass.

All the hotels at these points are
modern in their appointments and
you will find the surf bathing, boat-
ing and fishing, just what you need
in the way of relaxation. Local

Citation by Publication.

THE STATE OF TEXAS—To the Sheriff or any Constable of Brazos County, greeting:

You are hereby commanded by making publication of this citation in some newspaper published in the County of Brazos for four successive weeks, previous to the return day thereof, you summon Hiram H. Cosby, J. C. Webb, Court D. Webb and wife Hattie M. Webb, Elias E. Post and wife Mary R. Post, and Peter W. Anderson and Geo. W. Grabbie, J. M. Halton, A. V. Halton and Susan H. Corrigor, who are non-residents of the State of Texas, to be and appear before the District Court in the City of Bryan, on the first Monday, being the 2nd day, in September, A. D. 1901, then and there to answer the plaintiff's petition, filed in a suit in said Court on the 8th day of August, 1901, wherein W. K. Symms is plaintiff, and John W. Gee, Hiram H. Cosby, J. C. Webb, Court D. Webb and his wife Hattie M. Webb, Elias E. Post and his wife Mary R. Post, and Peter W. Anderson, Geo. W. Grabbie, J. M. Halton, A. V. Halton and Sarah Corrigor are defendants. File number of said suit being No. 3461. The petition of said plaintiff reciting in substance as follows, viz: That on July 15, 1892, the plaintiff purchased from A. Whittaker the east half of the Sterrett D. Smith league of land in Brazos county, Texas, by a warranty deed recorded in volume 9 page 461, deed records of Brazos county, Texas, and entered into possession of said land and still holds same. That in Vol. 2, page 256, in the deed records of Brazos county, Texas, there is entered an instrument signed by Alfred Whittaker purporting to convey to Alfred Gee the following described tract of land: "situated in the State of Texas, viz: One half league of land in Brazos county being the headright Sterrett D. Smith, and bot by me from the said Smith." That said instrument is unauthenticated, and was unlawfully admitted to record. That the following deeds were made, to-wit: Alfred Gee to John W. Gee, recorded in book O, page 466; John W. Gee to Hiram H. Cosby, recorded in book O, page 58; Cosby to John C. Webb, recorded in book O, page 59; John W. Gee to J. C. Webb, recorded in book O, page 58; Court D. and Hattie M. Webb to Elias M. Post, recorded in book 5, page 188; E. E. Post and wife to Peter W. Anderson, recorded in book 6, page 261; E. E. Post and wife to Geo. W. Grabbie, recorded in volume 5, page 551; E. E. Post and wife to J. M. and A. V. Halton, recorded in volume 6, page 138; E. E. Post and wife to Sarah F. Corrigor, recorded in book 6, page 420; Corrigor to E. E. Post, recorded in volume 8, page 262. That said purported deed from Alfred Whittaker to Alfred Gee, and all deeds above set out to parties attempting to hold under said purported deed to Gee, are a cloud upon plaintiff's title.

Plaintiff prays for process, and for judgement declaring the title from Alfred Whittaker to Alfred Gee to be null and void and of no force and effect, for costs of court and general and equitable relief.

Herein fail not, but have you before said Court, on the said first day of the next term thereof, this citation with your return thereon, showing how you have executed the same.

Attest—J. W. Batts, Clerk of the District Court of Brazos county.

Given under my hand and the seal of said Court, at office in Bryan in the County of Brazos in the State of Texas, this 8th day of August, 1901.

J. W. Batts,
Clerk District Court, Brazos County, Texas.

E. A. BERRY,
Attorney-at-Law.

THE BOILER EXPLODED.

Seven Persons Were Killed and Four More Missing.

Philadelphia, Aug. 29.—While the steamer City of Trenton was on her way from this city to Trenton, N. J., her port boiler exploded killing J. D. Chew, assistant engineer; Miss Elizabeth Green of Philadelphia, two men, one deckhand and two passengers, and injuring over a score of others. Four passengers are missing, but as many sustained slight injuries it is believed the missing may be among those who did not find it necessary to go to the hospital.

After the explosion the boat took fire and ran aground and now lies a wrecked and blackened hulk in the marshes opposite Torresdale, 16 miles above this city. Her hold is filled with water and it may be that more of her passengers and crew may be found in the bottom of the boat when the water is pumped out.

The City of Trenton made daily trips between Philadelphia and Trenton, stopping at Burlington N. J., Bristol, Pa., and other points on the way.

At Torresdale, the steampipe connected with the port boiler burst with a loud report. Then another explosion rent the port boiler in twain. Scalding steam and water was poured into the cabin and sections of the woodwork of the boat were torn away. Those of the passengers who were not scalded were struck by the flying portions of the splintered cabin. Legs and arms were broken and faces and arms were parboiled.

The screams of the injured could be heard on shore and the cries of those who leaped and were blown into the river were heartrending.

So great was the force of the explosion that a piano in the upper drawing room of the boat was hurled many feet away from the boat into the river. This proved a fortunate circumstance, for many of the injured, thrown into the water scalded and otherwise injured so that they were rendered helpless, clung to the piano until rescued.

When the explosion occurred Mate Vanderver and Pilot Curry were in the pilot house. Both were buried with terrific force from the little enclosure and the wheel for some unaccountable reason began revolving with lightning like rapidity. As a result of this, the rudder turned the bow of the boat towards shore and she quickly ran aground fastening herself in the mud. The water was not more than four feet deep and many waded ashore unassisted.

STOWERS SUSPENDED.

The Governor of Mississippi Takes Action Against State Treasurer.

Jackson, Miss., Aug. 29.—Governor Longino has signed a document suspending State Treasurer J. R. Stowers and appointed Hon. G. W. Carlisle temporary treasurer. Mr. Stowers in his statement given out last Friday said that the \$107,000 missing and unaccounted for when the governor counted his cash on Aug. 15, was deposited in banks by his cashier, Mr. Raiford, under his (the treasurer's) direction, which is forbidden by law. All the banks of Jackson having denied that they had any of this money on deposit, the governor Tuesday night wrote Mr. Stowers for a full and complete statement in writing as to where the deposits were made and all things connected with the transaction. The governor required an answer by 9 o'clock Wednesday morning.

Treasurer Stowers' answer to Gov. Longino's letter as to the whereabouts of the cash missing on Aug. 15 is a very long document. He declines to name the banks wherein the cash was deposited. The governor, auditor, a revenue agent, Bank Cashiers Jones and Anderson and the old and new treasurers recounted the cash Wednesday night. An expert accountant also will be employed at once to overhaul the books, and on his report, ouster proceedings will be instituted against the treasurer for the alleged violation of the law in failing to keep the money in the treasury. Mr. Stowers retained counsel to represent him.

Mr. Carlisle, the new treasurer, is an alderman of the city of Jackson. He has made the required personal bond and entered upon the discharge of his duties.

Gas Explosion in a Coal Mine.

Strawn, Tex., Aug. 29.—M. F. Cherryhome, a miner in the employ of the Strawn Coal company, died as a result of burns received by an explosion of gas in the mines. The gas had accumulated in a pocket in the roof of the mine, and Cherryhome in passing under this pocket ignited the gas with his lamp. Several miners, near him at the time of the explosion, saved themselves by falling flat on the bottom.

Sues on an Old Bond.

Marshall, Tex., Aug. 29.—J. G. Hendricks of Elysian Fields, in this county, has brought suit in the county court against the county commissioners' court to compel the payment of a bond for \$250 issued by Harrison county in aid of Confederate soldiers. The claim was allowed by the county commissioners at the February term 1900, but later they reconsidered their action.

Killed by a Fall.

Houston, Aug. 29.—Mr. Landrum, the father-in-law of Alderman Halverton, met with a mishap Wednesday which resulted in his death. He fell headlong down a stairway on Prairie street, his head coming in contact with a stone walk. The blow fractured his skull and death shortly resulted.

ONE WAY TO SETTLE.

Steel Officials Satisfied the Way That the Strike Now Stands.

Pittsburg, Aug. 29.—The latest declaration from steel officials is that the strike can be settled only by the men going back to the mills. The position the officials take is that the strike is over so far as their dealing with the strikers as a body is concerned. They want workmen for their idle mills and men who want work can have it for the asking at wages paid before the shut down. They may be union men or not, but the union men can have no say as to their work or wages.

Another arbitration scheme has been launched by Simon Burns, president of the Window Glass Workers' association. Mr. Burns proposes an arbitration committee selected from among such men as Archbishop Ireland, Bishop Potter, Seth Low and others of like prominence. Their decision is to be final and accepted by both parties.

The steel corporation continues making gains in this district and Wednesday added enough men to its force at the Star plant to insure the working of two mills double turn night and day from now on. The management claims that the entire plant will be working full time before the week ends.

Mr. Shaffer declares that the strike is proceeding satisfactorily and his association is making such serious inroads on the corporation's business that it will be compelled sooner or later to come to terms.

Farmer Strangles Himself.

Guthrie, O. T., Aug. 29.—W. B. Milward, a prominent farmer of Custer county, was found dead in a creek near his home with a handkerchief tied tightly about his neck. On the table in the house were found written directions for his funeral and for the settlement of his affairs. He stated that he would commit suicide because of poor health and financial reverses.

Convicted of Lynching.

Wetumpka, Ala., Aug. 29.—George Howard has been convicted of murder in the first degree and sentenced to life imprisonment. Howard was a member of the mob which lynched Robert White, a negro, in this county some months ago. Howard is one of the most prominent farmers in this section of the country. Others are being tried for complicity.

British Take the Torpedo.

Madrid, Aug. 29.—As the British fleet in Spanish waters was drilling a torpedo which had been launched stranded on the shore in front of the La Linea. A party of men-of-war-men was sent to recover it, but were prevented from doing so by a detachment of Spanish carabineers. The landing party was strongly reinforced from the fleet, overpowered the carabineers and took the torpedo.

Nebraska Republicans.

Lincoln, Aug. 29.—Republicans of Nebraska, in state convention here nominated a ticket and adopted a platform in harmony with party policy.

The ticket is as follows:

Justice of the supreme court—Samuel H. Sedgewick.

Regents of the university—Carl J. Ernest and H. L. Gould.

Grief Drove Her to Suicide.

Temple, Tex., Aug. 29.—From persons who came from Moody the details of a terrible tragedy that occurred in that village Tuesday are learned. Monday Al Williams died and was buried. His wife was frantic with grief and committed suicide by shooting herself in the head.

Serious Shortage of Water.

Cameron, Tex., Aug. 29.—The long drought has caused this year to be compared in 1879. Water is getting scarce in many places and farmers in some localities are hauling water several miles. There is a scarcity of water in the Yarrington neighborhood and Elm Creek is dry, except where temporary dams were constructed and water thus collected.

Sword for General Hare.

Sherman, Tex., Aug. 29.—Citizens of Grayson county did honor to General Luther Hare Wednesday during the celebration here by presenting him with a beautiful sword studded with precious gems and etched all over, Senator Bailey made the presentation speech.

Gusher Shut Off.

Beaumont, Tex., Aug. 29.—The mad gusher of the Palestine-Beaumont Oil company was placed under control by Diver Fred Chase Wednesday afternoon and entirely shut in. There was no trouble.

Fatally Hurt by Lightning.

Paducah, Ky., Aug. 29.—D. T. Howard, station agent and James Robins, section foreman, was struck by lightning at Pryorsburg and fatally hurt. Storms did great damage to crops in this section.

Child Assaulted.

Denison, Tex., Aug. 29.—A message from Ravia, I. T., says Clara Bells, five years of age, was criminally assaulted at Troy, and it is feared she will die. A boy of 16 was arrested and taken to Tishomingo.

Struck a Vein of Coal.

Mineral Wells, Tex., Aug. 29.—At a depth of 40 feet, on the Gulf and Brazos Valley railway, six miles southeast of here at Kent, prospectors have struck a 20-inch stratum of coal.

Cotton on Fire.

London, Aug. 29.—Fire has broken out in the cotton in the second hold of the British steamer Minoel from Galveston on Aug. 5 and Norfolk Aug. 15, which arrived at Havre.

FRANKLIN BROTHERS

THE CLIMAX IS NEAR.

War in Colombia Must Be Ended
and That Soon.

DEVASTATION GREAT

Towns Decimated and Villages Wiped
Out of Existence, Fertile Fields
Made Barren and Women
and Children Starving.

Panama, Aug. 29.—Plots and coun-
terplots fill the air. There is war here
of the most hideous kind and strife that
tears the country asunder in which
brother is pitted against brother, friend
against friend and neighbor against
neighbor. Fertile fields have been de-
vastated. Once thriving towns have
been decimated in population and vil-
lages have been wiped out of existence.
Bands of armed men occupy every high-
way and traffic is practically at a stand-
still, while frantic women mourn their
dead and hungry babes clamor for food.

The entire republic is a seething cal-
dron of unrest. So critical is the situa-
tion that even the officials of the gov-
ernment who wish to re-establish public
confidence admit that the crisis must
be reached within a few days as mat-
ters cannot long continue as they are.
Great battles must soon be fought, and
upon the results will depend not alone
the supremacy of the clashing parties in
Colombia, but also, perhaps, the integ-
rity of the territory of three neighbor-
ing republics—Venezuela, Ecuador and
Nicaragua.

Feeling runs high along the borders
and a general war may be precipitated
at any moment by a trivial incident.
The revolution has revolved itself after
lasting nearly two years into an inter-
national struggle between the Liberals
and Conservatives of four sister repub-
lics, allied in their history, contiguous
in territory, kindred by climate, by race
and by tongue.

Demand Fifty Thousand.

New York, Aug. 29.—A woman, well
dressed and of evident refinement, called
at the Vanderbilt residence on Fifth
avenue Wednesday and asked for Mr.
Vanderbilt. On being told that none of
the family was in the city she said she
had come to get \$50,000 that Mr. Van-
derbilt owed her and demanded imme-
diate payment. Her card bore the name
of Mrs. Catherine Maloney, Rivardale,
N. Y. A policeman was called and she
was taken to the police station, where
the magistrate sent her to the insane
pavilion at Bellevue for observation.

Government Cable Completed.

Seattle, Wash., Aug. 29.—Laying of
of the governments marine cable from
Skagway to Juneau was completed Aug.
23 and is now in operation. When the
missing link of line in the course of con-
struction from Vancouver to Ashcroft
is completed, there will be direct com-
munication from Skagway to Juneau to
Seattle. This it is expected will be
achieved in a few days. The cable is
primarily for use of the signal corps but
by act of congress is open for commer-
cial messages at seven cents a word.

City of Clifton Sinks.

St. Louis, Aug. 29.—The steamer City
of Clifton, owned by the St. Louis and
Tennessee River Packet company, sank
at Seventy-Six landing, about 15 miles
above Grand Tower, Ills. She was
bound for St. Louis and her cargo con-
sisted mostly of lumber. Her passen-
gers were transferred and arrived here
on the steamer Chester. The boat can
be saved. The sinking was caused by a
break, the extent of which could not be
stated.

The Record Coming West.

New York, Aug. 29.—The imperial
German and United States mail steam-
er Deutschland has arrived in port with
a new record to her score. This trip
was made from Cherbourg Mole to
Sandy Hook lightship in 5 days, 12
hours and 23 minutes, a distance of 3045
miles at average speed of 23 knots per
hour. This is the quickest westward
trip in point of time and over the short-
est route.

New Gold Brick Swindle.

San Francisco, Aug. 29.—The very
latest phase of a gold brick swindle has
been developed in Alaska and Klondike,
according to The Chronicle, which says
that bogus gold dust and nuggets have
been sent north in large quantities and
disposed of as the product of various
claims. Many persons are said to have
been victimized. Two secret service
agents now at Dawson are investigating
the matter.

Woman Fatally Burned.

Fort Worth, Aug. 29.—Mrs. Andrew
Aiken, wife of a railroad man who
works for the Denver road, was fatally
burned here. She attempted to light a
fire to cook dinner, using a five gallon
can of kerosene. The can exploded and
the woman was covered from head to
foot with the burning fluid.

Zachello Electrocuted.

New York, Aug. 29.—Joseph Zachel-
lo, who stabbed his mother-in-law, Mrs.

Caroline Muccio, to death at Tompkins-
ville, S. L., on Jan. 10, 1900, was put to
death today in the electric chair at
Sing Sing. Three shocks were given
before he was pronounced dead.

Walked Out of the Window.

San Antonio, Tex., Aug. 29.—James
Long of San Marcos walked in his sleep
out of the second-story window of the
Plaza hotel Wednesday night. He was
found dead in an alley alongside the
hotel with his skull crushed.

KNIGHTS TEMPLARS.

Ben. Stoddard of Bryan, Tex., Elected
to the Highest Office.

Louisville, Aug. 29.—For the first
time since the conclave of the grand en-
campment of the Knights Templars be-
gan here, visitors today were able to
take full advantage of the pleasure and
sightseeing excursions which have been
on the programme every day. With ne
all absorbing feature to occupy their
time the knights and their ladies went
for rides on the Ohio river, took excu-
rsions into the country to see Kentucky
farms, battlefields of Tennessee, Mam-
moth Cave and Cumberland Gap. The
festivities of the conclave reached the
climax tonight when the Knights
Templars grand ball was given in the
horse show building.

Many knights have left the city and
nearly all visitors who came to view the
spectacles of the conclave have depar-
ted. The conclave ends tomorrow.

The business meeting of the grand en-
campment was called to order at 9:30
a. m. Reports of committees took up
considerable time. The election of offi-
cers was scheduled to begin immedi-
ately after these reports and were to be by
promotion and are as follows:

Henry Bates Stoddard of Bryan, Tex.,
grand commander, to succeed Reuben
H. Lloyd of California.

Colonel George M. Moulton of Chic-
ago elected to succeed Stoddard as de-
puty grand master.

Rev. H. W. Rugg of Rhode Island,
was advanced one rank to the office of
grand generalissimo, made vacant by
the elevation of Colonel Moulton.

William B. Melish of Cincinnati, was
elected to succeed Rugg as captain gen-
eral.

Joseph A. Lock of Portland, Me.,
junior warden, was made senior grand
warden.

The above officers were elected with-
out opposition.

Frank H. Thomas of Washington was
elected to the office of junior grand
warden.

BOTH STANDING FIRM.

Neither Strikers Nor Steel Officials Will
Yield to the Other.

Pittsburg, Aug. 29.—The strike situ-
ation continues quiet and devoid of inter-
esting features. While the strikers still
express satisfaction with prevailing con-
ditions, the Steel Corporation is slowly
but steadily increasing its forces at the
plants already in operation and are pre-
paring to open more mills. With this
end in view and because of ample police
protection, the American Tin Plate com-
pany, it is said, have made its Star
plant in this city the school of instruc-
tion. Skilled men are in charge, who
are instructing other men in the mys-
teries of tinplate making. When nov-
ices show a sufficient degree of pro-
ficiency they are to be sent to other
plants. Managers of the various plants
of the company will be there every day
placing and teaching new men. The
management of the works say 250 men
are at work there now, but this is de-
nied by the Amalgamated officials. They
also claim that the plant is so small
that it would take many years to turn
out men enough to work the other
plants.

President Shaffer officially denied
several stories printed in the papers. He
said there was no truth in the report
that the Amalgamated association was
making efforts to effect a settlement of
the strike by trying to force the United
States Steel Corporation into arbitra-
tion through the courts. The report
that the Amalgamated lodges are vot-
ing on peace proposition is also denied
President Shaffer.

Refused Burns' Plans.

Indianapolis, Aug. 29.—The plan of
arbitration for a settlement of the steel
strike, submitted by Simon Burns,
president of the window glass workers
and also head of the Knights of Labor,
has been rejected by President Schwab,
of the steel trust. Another proposition
will be submitted to him by Burns.

All Radcliffe's Buildings Burned.

Denver, Aug. 29.—News has reached
here that a mob has burned the remain-
ing buildings belonging to William Rad-
cliffe, at Grand Mesa Lakes. It was the
burning of the hotel at this place re-
cently by a mob that caused Mr. Rad-
cliffe to call on the governor for troops
to protect his property and caused the
report that Radcliffe had appealed to
the British government for its protec-
tion, claiming to be a subject of Great
Britain. It is said that the trouble be-
gan when one of Mr. Radcliffe's guards
killed a ranchman in a controversy to
fish in the lakes. Since then all the
buildings on Radcliffe's place, including

FRIDAY, AUGUST 30, 1901.

The bill for formation of judi-
cial districts reported by the house
committee does not change this
district, the same counties being
retained as heretofore, with no ad-
ditions.

The house committee on Re-
venue and taxation reported favor-
ably the bill to tax the gross re-
ceipts of oil companies, reducing
the amount of the tax from 2 per
cent to 1 per cent. Merchants
dealing in oil are not affected by
this proposed measure.

C. F. Z. Caracristi, the great oil
expert now in Texas, says the
Beaumont oil field is only a begin-
ning of the oil discoveries in Texas.
He further says: "At the begin-
ning of the Twentieth century oil is
to coal what coal was to wood at
the beginning of the Nineteenth
century. Coal will eventually be
removed from use as a fuel and oil
will take its place."

After prayer meeting last night at
the Free Baptist church, a list of do-
nations was started for the relief
of the famine sufferers in Zapata coun-
ty. The list will be increased this
morning and sent off during the day.

A SECOND SESSION.

Legislature Requires More Time to
Pass Necessary Bills.

ONE WILL BE CALLED

It Is Said the Governor Will Be Com-
pelled to Reconvene Lawmakers
or to Run the State Gov-
ernment on Script.

Austin, Aug. 29.—There is no possi-
ble chance for the appropriation bill to
pass the special session of the legisla-
ture and another session will be had un-
less the governor runs the state on script
for the next two years.

The senate proposes to place the blame
upon the house for its failure to pass the
appropriation measure and send it to the
house.

It has been pointed out there is
but one institution which can run unless
an appropriation bill is passed, and that
is the university. It is claimed that
the issuance of deficiency warrants of
the other institutions would be illegal.

Taking all things together it is be-
lieved the governor will call another
extra session.

It now looks very much as if there
will be no judicial or senatorial redistrict-
ing. It looks as if the congression-
al and representative redistricting might
be accomplished. It is not safe to bet
on either proposition. The judicial re-
districting bill is a violent shaking up.
If it should pass, several men would
lose their jobs.

The house committee on revenue and
taxation reported favorably the bill to
tax the gross incomes of oil companies.
An amendment was adopted changing
the rate from 2 to 1 per cent. Another
amendment was adopted so as to clear
merchants who sell oil from paying the
tax.

After Robbins Again.
Austin, Aug. 29.—The senate today
attempted to have injected into the
general appropriation bill an amend-
ment providing that no officer of the
state government shall receive from the
state any salary when he is in arrears
or indebted to the state. The amend-
ment was directed at State Treasurer Robbins
who is responsible to the state for \$358,-
000, tied up in the defunct First National
bank. The object of the amend-
ment was to legislate the state treasur-
er out of office. The amendment was
voted down—16 to 8.

It was senate bill day in the house,
and the following bills passed under a
suspension of the rules: Providing for
the redemption of land sold for taxes;
amending the charter of the city of
Austin; validating the incorporation of
the city of Athens.

The measure authorizing all seacoast
cities to levy taxes for sea walls met
with 19 opposing votes and only went
to its third reading.

Negroes Ordered to Leave.
Whitesboro, Tex., Aug. 29.—Since
the murder of Mrs. Caldwell by the ne-
gro Abe Wildner, Aug. 16, there has
been more or less friction between the
whites and negroes, which culminated
Tuesday night in a crowd of 50 armed
men making the rounds of the negro
houses and ordering them to leave the
town, and not to delay, under penalty
of severe punishment. Who these men
were is not known, whether citizens of
Whitesboro or from the adjacent coun-
try. Anyway, many of the negro popu-
lation took them at their word and left.

Colorado Takes First Prize.
Louisville, Aug. 29.—Colorado com-
mandery, No. 1 of Denver captured first
prize in the competition drill teams from
commanderies of Knights Templars. St.
Bernard No. 25, the favorite with the
majority of spectators, got second place,
while Golden Gate, No. 16 of San Fran-
cisco and Hanselman No. 16, of Cincin-
nati came in for third and fourth prizes
respectively. California commandery
No. 1 being the only mounted command,
had no difficulty in capturing the trophy
for the best appearance and drill on
horseback.

Charged With Assault on Kill,
Paris, Tex., Aug. 29.—Thurman Mar-
tin, a youth 19 years old, was brought
in by Sheriff Martin from Graham,
Young county, on the charge of assault
to murder. In a difficulty with Pete
Knight, another boy, during a protracted
meeting at the Methodist church on
Round Prairie a week ago last Thurs-
day night, the latter was stabbed under
the heart with a pocketknife.

Money Changing Machine.
Houston, Aug. 29.—C. J. Wolf, pat-
entee of a money changing machine,
has received news of the sale of his
machine to a New York syndicate for
\$25,000. The work of selling the ma-
chines is to be begun immediately. He
is a stockholder in the company.

Money for State Militia.
Washington, Aug. 29.—Of the militia
appropriation the following states re-
ceive the amounts set opposite their
names: Arkansas, \$16,993; Louisiana,
\$16,993; Mississippi, \$19,117; Tennessee,
\$25,490; Texas, \$1,802; New Mexico;
\$516; Oklahoma, \$7072.

Charged With Desertion.
Taylor, Tex., Aug. 29.—After a chase
here three alleged deserters from Fort
Sam Houston were captured by Deputy
Constable Claude Smith and Deputy
Sheriff Morgan Griffith. There is a re-
ward of \$25 for the capture of each.

DEATH LIST GROWS.

Eleven Persons Dead and Nine Missing
in the Trenton's Wreck.

Philadelphia, Aug. 29.—Eleven known
dead, 9 missing and 32 injured is the
record made by the explosion of the
boilers of the steamboat City of Tren-
ton on the Delaware river late Wednes-
day afternoon. All Wednesday night
firemen and policemen, officials and em-
ployes of the Wilmington Steamboat
company, which owned the ill-fated
vessel, worked in and around the burn-
ed and blackened hull, searching for
bodies of the victims of the disaster, be-
lieved to be either in the vessel or the
water. Hundreds of men dragged the
river bottom with grappling irons and
will continue to do so until every person
that was on the boat is accounted for.
Of the eleven bodies that have been re-
covered ten have been identified.

The dead are:
John Chew of Camden, N. J.
Assistant engineer of the City of
Trenton.

Miss Elizabeth Green of Philadelphia.
William Dunn of Philadelphia.
Arthur Lensing of Trenton, N. J.
James O'Connell, fireman, Philadel-
phia.

Mott Mable, fireman, Philadelphia.
August Mable, a deck hand, Phila-
delphia.

James Graham, engineer, Trenton,
N. J.
James McCormick, Wilmington, Del.,
a passenger.

W. H. Kean, Philadelphia, a pas-
senger.

The unidentified body is so badly
burned even its sex cannot be deter-
mined.

Among the missing are Miss Ethel
Stokes of Trenton and Miss Helen
Briest, daughter of ex-Mayor John
Briest of Trenton.

A report says the City of Trenton was
racing with the rival steamer Twilight
and was carrying too much steam when
the explosion occurred. Police are in-
vestigating.

THE BOER WAR.

British War Methods Criticized by Some
English Journals.

New York, Aug. 29.—Extremes meet
in criticism of the war office methods,
says the London correspondent of The
Tribune. The pro-Boer journals magni-
fy the chance of petty reverses in Cape
Colony and reproach the government
for distorting and suppressing essential
facts in the military situation and mis-
leading the country through silly opti-
mists. Military critics consider that the
blunders committed in sending out re-
inforcements to the imperial yeomanry
without medical examination is utterly
inexcusable during the closing period of
the campaign and a staunch imperial
journal like the St. James Gazette is
unable to understand why the govern-
ment refused the offer of the Canadian
government to raise a regiment of
mounted men for hunting down the
guerrilla nor why preliminaries were
not arranged between the war office and
Ottawa, and an unpleasant impasse
avoided.

The press censorship is not a new
grievance and it does not explain the
prevailing ignorance respecting the mil-
itary operations in Cape Colony district,
where small bands of Boers have been
hiding and looting. These sections are
so far removed from the railway that it
is impossible for press agents to collect
accurate information.

Despite the pessimistic feeling ex-
pressed by many journals, it is fairly
certain that the British are slowly gain-
ing ground. The war will not end un-
der the limitations of General Kitch-
ener's proclamation in the middle of
September, but the pacification of the
most important districts will be under-
taken in earnest around Johannesburg,
Pretoria and Bloemfontein through a
revival of mining and agricultural in-
dustries.

Just as Vlakfontein was on the point
of being forgotten, the news comes that
at Graspan, near Reitz, on June 6 three
British soldiers were murdered by the
Boers. There cannot be any attempt to
justify such barbarous methods of con-
ducting warfare, but General Kitch-
ener's announcement is discredited by
some of the radicals, pending an exami-
nation of the evidence on which it had
been issued.

While there is general approval of
the instructions sent by cable by Wil-
liam St. John Broderick to General
Kitchener, the pro-Boer Daily News
maintains that the proposal to hold an
entire commando responsible for an act
which may be due to a mistake or to
the insubordination of one or two men,
is altogether indefensible.

The Chronicle, which is a supporter
of Lord Rosebery, counsels caution, and
recommends to General Kitchener to
consider carefully the terms suggested
by the war secretary before embodying
them in a proclamation. Apparently the
representatives of the Boer cause in
Europe are still persisting in their ef-
forts to persuade the great powers to
move in their behalf.

Died in a Poorhouse.

rett, at one time one of the wealthiest
men of early days, here, died at the
poorhouse, aged 90 years. He was one
of the pioneers, coming here in 1836.

Mob Surrounds the Jail.

Warrensburg, Mo., Aug. 29.—Three
negroes, accused of knowledge as to the
whereabouts of the murderer Francis, is
in jail here. A mob surrounds the jail
and excitement is intense.

Husband Followed Wife.

Millican, Tex., Aug. 28.—Last
week Mr. J. A. Russell, one of the
subcontractors on the International
& Great Northern extension from
Bryan to Spring, who was grading
opposite this place, was called to
Port Arthur to attend his wife, who
was seriously sick. She died and he
carried her remains to Dallas for in-
terment. While there Mr. Russell
took sick, and this evening at 3
o'clock his son received a telegram
announcing his death.

QUESTION ANSWERED.

Yes, August Flower still has the
largest sale of any medicine in the
civilized world. Your mothers' and
grandmothers' never thought of
using anything else for Indigestion
or Billiousness. Doctors were
scarce, and they seldom heard of
Appendicitis, Nervous Prostration
or Heart failure, etc. They used
August Flower to clean out the sys-
tem and stop fermentation of undig-

Where do You Get Off?

It is a wise thing to know when to
get off a train, but prudence would
suggest that you get off when the
train is standing still, as you would
no doubt be worth more to your fam-
ily by doing so.

Now let us help you to decide
where to get off. If you are prepar-
ing to take your summer vacation,
why not get off at Galveston, La
Porte, Seabrook or Port Lavaca.
Our trains all stop at Houston and
make close connections with G. H.
& N. and N. Y. T. & M. railways for
points mentioned, and with the San
Antonio and Aransas Pass Railway
for Rockport, Corpus Christi and
Aransas Pass.

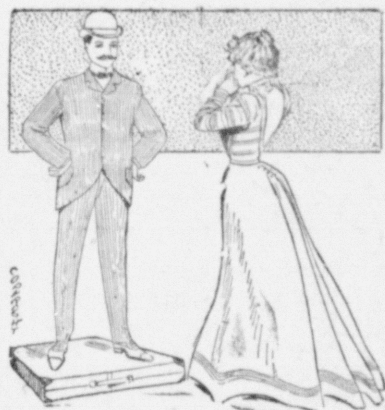

All the hotels at these points are
modern in their appointments and
you will find the surf bathing, boat-
ing and fishing, just what you need
in the way of relaxation. Local
Agents of the Houston & Texas
Central Railroad will be glad to
quote you rates, or you should write to

Citation by Publication.

THE STATE OF TEXAS—To the Sheriff or any Constable of Brazos County, greeting:

You are hereby commanded by making publication of this citation in some newspaper published in the County of Brazos for four successive weeks previous to the return day thereof, you summon Hiram H. Cosby, J. C. Webb, Court D. Webb and wife Hattie M. Webb, Elias E. Post and wife Mary R. Post, and Peter W. Anderson and Geo. W. Grabbie, J. M. Halton, A. V. Halton and Sarah F. Corrigan, who are non-residents of the State of Texas, to be and appear before the District Court in the City of Bryan, on the first Monday, being the 2nd day, in September, A. D. 1901, then and there to answer the plaintiff's petition, filed in a suit in said Court on the 8th day of August, 1901, wherein W. K. Symms is plaintiff, and John W. Gee, Hiram H. Cosby, J. C. Webb, Court D. Webb and his wife Hattie M. Webb, Elias E. Post and his wife Mary R. Post, and Peter W. Anderson, Geo. W. Grabbie, J. M. Halton, A. V. Halton and Sarah Corrigan are defendants. File number of said suit being No. 3464. The petition of said plaintiff reciting in substance as follows, viz: That on July 15, 1892, the plaintiff purchased from A. Whittaker the east half of the Sterrett D. Smith league of land in Brazos county, Texas, by a warranty deed recorded in volume 9 page 461, deed records of Brazos county, Texas, and entered into possession of said land and still holds same. That in Vol. 2, page 256, in the deed records of Brazos county, Texas, there is entered an instrument signed by Alfred Whittaker purporting to convey to Alfred Gee the following described tract of land: "situated in the State of Texas, viz: One half league of land in Brazos county being the headright Sterrett D. Smith, and bot by me from the said Smith." That said instrument is unauthenticated, and was unlawfully admitted to record. That the following deeds were made, to-wit: Alfred Gee to John W. Gee, recorded in book O, page 466; John W. Gee to Hiram H. Cosby, recorded in book O, page 58; Cosby to John C. Webb, recorded in book O, page 59; John W. Gee to J. C. Webb, recorded in book O, page 58; Court D. Webb and Hattie M. Webb to Elias M. Post, recorded in book 5, page 188; E. E. Post and wife to Peter W. Anderson, recorded in book 6, page 261; E. E. Post and wife to Geo. W. Grabbie, recorded in volume 5, page 551; E. E. Post and wife to J. M. and A. V. Halton, recorded in volume 6, page 138; E. E. Post and wife to Sarah F. Corrigan, recorded in book 6, page 420; Corrigan to E. E. Post, recorded in volume 8, page 262. That said purported deed from Alfred Whittaker to Alfred Gee, and all deeds above set out to parties attempting to hold under said purported deed to Gee, are a cloud upon plaintiff's title.

Plaintiff prays for process, and for judgment declaring the title from Alfred Whittaker to Alfred Gee to be null and void and of no force and effect, for costs of court and general and equitable relief.

Herein fail not, but have you before said Court, on the said first day of the next term thereof, this citation with your return thereon, showing how you have executed the same.

Attest—J. W. Batts, Clerk of the District Court of Brazos county.

Given under my hand and the seal of said Court, at office in Bryan in the County of Brazos in the State of Texas, this 8th day of August, 1901.

J. W. Batts,
Clerk District Court, Brazos County,
Texas.

E. A. BERRY,

THE BOILER EXPLODED.

Seven Persons Were Killed and Four More Missing.

Philadelphia, Aug. 29.—While the steamer City of Trenton was on her way from this city to Trenton, N. J., her port boiler exploded killing J. D. Chew, assistant engineer; Miss Elizabeth Green of Philadelphia, two firemen, one deckhand and two passengers and injuring over a score of others. Four passengers are missing, but as many sustained slight injuries it is believed the missing may be among those who did not find it necessary to go to the hospital.

After the explosion the boat took fire and ran aground and now lies a wrecked and blackened hulk in the marshes opposite Torresdale, 16 miles above this city. Her hold is filled with water and it may be that more of her passengers and crew may be found in the bottom of the boat when the water is pumped out.

The City of Trenton made daily trips between Philadelphia and Trenton, stopping at Burlington N. J., Bristol, Pa., and other points on the way.

At Torresdale, the steamship connected with the port boiler burst with a loud report. Then another explosion rent the port boiler in twain. Scalding steam and water was poured into the cabin and sections of the woodwork of the boat were torn away. Those of the passengers who were not scalded were struck by the flying portions of the splintered cabin. Legs and arms were broken and faces and arms were parboiled.

The screams of the injured could be heard on shore and the cries of those who leaped and were blown into the river were heartrending.

So great was the force of the explosion that a piano in the upper drawing room of the boat was hurled many feet away from the boat into the river. This proved a fortunate circumstance, for many of the injured, thrown into the water scalded and otherwise injured so that they were rendered helpless, clung to the piano until rescued.

When the explosion occurred Mate Vanderver and Pilot Curry were in the pilot house. Both were hurled with terrific force from the little enclosure and the wheel for some unaccountable reason began revolving with lightning like rapidity. As a result of this, the rudder turned the bow of the boat towards shore and she quickly ran aground fastening herself in the mud. The water was not more than four feet deep and many waded ashore unassisted.

STOWERS SUSPENDED.

The Governor of Mississippi Takes Action Against State Treasurer.

Jackson, Miss., Aug. 29.—Governor Longino has signed a document suspending State Treasurer J. R. Stowers and appointed Hon. G. W. Carlisle temporary treasurer. Mr. Stowers in his statement given out last Friday said that the \$107,000 missing and unaccounted for when the governor counted his cash on Aug. 15, was deposited in banks by his cashier, Mr. Raiford, under his (the treasurer's) direction, which is forbidden by law. All the banks of Jackson having denied that they had any of this money on deposit, the governor Tuesday night wrote Mr. Stowers for a full and complete statement in writing as to where the deposits were made and all things connected with the transaction. The governor required an answer by 9 o'clock Wednesday morning.

Treasurer Stowers' answer to Gov. Longino's letter as to the whereabouts of the cash missing on Aug. 15 is a very long document. He declines to name the banks wherein the cash was deposited. The governor, auditor, a revenue agent, Bank Cashiers Jones and Anderson and the old and new treasurers recounted the cash Wednesday night. An expert accountant also will be employed at once to overhaul the books, and on his report, ouster proceedings will be instituted against the treasurer for the alleged violation of the law in failing to keep the money in the treasury. Mr. Stowers retained counsel to represent him.

Mr. Carlisle, the new treasurer, is an alderman of the city of Jackson. He has made the required personal bond and entered upon the discharge of his duties.

Gas Explosion in a Coal Mine.
Strawn, Tex., Aug. 29.—M. F. Cherryhome, a miner in the employ of the Strawn Coal company, died as a result of burns received by an explosion of gas in the mines. The gas had accumulated in a pocket in the roof of the mine, and Cherryhome in passing under this pocket ignited the gas with his lamp. Several miners, near him at the time of the explosion, saved themselves by falling flat on the bottom.

Sues on an Old Bond.
Marshall, Tex., Aug. 29.—J. G. Hendricks of Elysian Fields, in this county, has brought suit in the county court against the county commissioners' court to compel the payment of a bond for \$250 issued by Harrison county in aid of Confederate soldiers. The claim was allowed by the county commissioners at the February term 1900, but later they reconsidered their action.

Killed by a Fall.
Houston, Aug. 29.—Mr. Landrum, the father-in-law of Alderman Halverton, met with a mishap Wednesday which resulted in his death. He fell headlong down a stairway on Prairie street, his head coming in contact with a stone walk. The blow fractured his skull and death shortly resulted.

ONE WAY TO SETTLE.

Steel Officials Satisfied the Way That the Strike Now Stands.

Pittsburg, Aug. 29.—The latest declaration from steel officials is that the strike can be settled only by the men going back to the mills. The position the officials take is that the strike is over so far as their dealing with the strikers as a body is concerned. They want workmen for their idle mills and men who want work can have it for the asking at wages paid before the shut down. They may be union men or not, but the union men can have no say as to their work or wages.

Another arbitration scheme has been launched by Simon Burns, president of the Window Glass Workers' association. Mr. Burns proposes an arbitration committee selected from among such men as Archbishop Ireland, Bishop Potter, Seth Low and others of like prominence. Their decision is to be final and accepted by both parties.

The steel corporation continues making gains in this district and Wednesday added enough men to its force at the Star plant to insure the working of two mills double turn night and day from now on. The management claims that the entire plant will be working full time before the week ends.

Mr. Shaffer declares that the strike is proceeding satisfactorily and his association is making such serious inroads on the corporation's business that it will be compelled sooner or later to come to terms.

Farmer Strangles Himself.

Guthrie, O. T., Aug. 29.—W. B. Milward, a prominent farmer of Custer county, was found dead in a creek near his home with a handkerchief tied tightly about his neck. On the table in the house were found written directions for his funeral and for the settlement of his affairs. He stated that he would commit suicide because of poor health and financial reverses.

Convicted of Lynching.

Wetumpka, Ala., Aug. 29.—George Howard has been convicted of murder in the first degree and sentenced to life imprisonment. Howard was a member of the mob which lynched Robert White, a negro, in this county some months ago. Howard is one of the most prominent farmers in this section of the country. Others are being tried for complicity.

British Take the Torpedo.

Madrid, Aug. 29.—As the British fleet in Spanish waters was drilling a torpedo which had been launched stranded on the shore in front of the La Linea. A party of men-of-war-men was sent to recover it, but were prevented from doing so by a detachment of Spanish carbiniers. The landing party was strongly reinforced from the fleet, overawed the carbiniers and took the torpedo.

Nebraska Republicans.

Lincoln, Aug. 29.—Republicans of Nebraska, in state convention here nominated a ticket and adopted a platform in harmony with party policy. The ticket is as follows:
Justice of the supreme court—Samuel H. Sedgewick.
Regents of the university—Carl J. Ernest and H. L. Gould.

Grief Drove Her to Suicide.

Temple, Tex., Aug. 29.—From persons who came from Moody the details of a terrible tragedy that occurred in that village Tuesday are learned. Monday Al Williams died and was buried. His wife was frantic with grief and committed suicide by shooting herself in the head.

Serious Shortage of Water.

Camerton, Tex., Aug. 29.—The long drought has caused this year to be compared in 1879. Water is getting scarce in many places and farmers in some localities are hauling water several miles. There is a scarcity of water in the Yarelton neighborhood and Elm Creek is dry, except where temporary dams were constructed and water thus collected.

Sword for General Hare.

Sherman, Tex., Aug. 29.—Citizens of Grayson county did honor to General Luther Hare Wednesday during the celebration here by presenting him with a beautiful sword studded with precious gems and etched all over. Senator Bailey made the presentation speech.

Gusher Shut Off.

Beaumont, Tex., Aug. 29.—The mad gusher of the Palestine-Beaumont Oil company was placed under control by Diver Fred Chase Wednesday afternoon and entirely shut in. There was no trouble.

Fatally Hurt by Lightning.

Paducah, Ky., Aug. 29.—D. T. Howard, station agent and James Robins, section foreman, was struck by lightning at Pryorsburg and fatally hurt. Storms did great damage to crops in this section.

Child Assaulted.

Denison, Tex., Aug. 29.—A message from Ravia, I. T., says Clara Bells, five years of age, was criminally assaulted at Troy, and it is feared she will die. A boy of 16 was arrested and taken to Tishomingo.

Struck a Vein of Coal.

Mineral Wells, Tex., Aug. 29.—At a depth of 49 feet, on the Gulf and Brazos Valley railway, six miles southeast of here at Kent, prospectors have struck a 25-inch stratum of coal.

Cotton on Fire.

London, Aug. 29.—Fire has broken out in the cotton in the second hold of the British steamer Mineol from Galveston on Aug. 5 and Norfolk Aug. 13, which arrived at Havre.

from Fort Worth to Colorado Springs every morning are among the handsomest equipment of the Pullman Company. The large Observation Parlor, with spacious windows and movable easy chairs, etc., affords the advantages and comforts of a private car; while the table and service in the Cafe Car in all respects equal the fare of the best hotels and restaurants at corresponding prices. Special satisfaction is expressed by the ladies in the commodious dressing rooms found in our Pullmans, and all our guests appreciate the freedom from carving, superfluous decorations and stuffy plushes, which is a distinctive and welcome feature of the most up-to-date Pullman Sleepers—the kind we have two of each day, run through without change. Our Day Coaches are also of the latest design, elegant in their dignified simplicity, with very comfortable high-back seats, the equal of any similar equipment. No other line operates Cafe Cars from Texas, and no other line runs through trains to Colorado (and our time is far and away the shortest, too); no other line has Observation Sleepers to the Northwest, no other line makes a specialty of Colorado Tourist travel. It is a fact—"You Don't Have to Apologize for Riding on THE DENVER ROAD."

FRANKLIN BROTHERS

THE CLIMAX IS NEAR.

War in Colombia Must Be Ended
and That Soon.

DEVASTATION GREAT

Towns Decimated and Villages Wiped
Out of Existence, Fertile Fields
Made Barren and Women
and Children Starving.

Panama, Aug. 29.—Plots and counterplots fill the air. There is war here of the most hideous kind and strife that tears the country asunder in which brother is pitted against brother, friend against friend and neighbor against neighbor. Fertile fields have been devastated. Once thriving towns have been decimated in population and villages have been wiped out of existence. Bands of armed men occupy every highway and traffic is practically at a standstill, while frantic women mourn their dead and hungry babes clamor for food.

The entire republic is a seething caldron of unrest. So critical is the situation that even the officials of the government who wish to re-establish public confidence admit that the crisis must be reached within a few days as matters cannot long continue as they are. Great battles must soon be fought, and upon the results will depend not alone the supremacy of the clashing parties in Colombia, but also, perhaps, the integrity of the territory of three neighboring republics—Venezuela, Ecuador and Nicaragua.

Feeling runs high along the borders and a general war may be precipitated at any moment by a trivial incident. The revolution has revolved itself after lasting nearly two years into an international struggle between the Liberals and Conservatives of four sister republics, allied in their history, contiguous in territory, kindred by climate, by race and by tongue.

Demand Fifty Thousand.

New York, Aug. 29.—A woman, well dressed and of evident refinement, called at the Vanderbilt residence on Fifth avenue Wednesday and asked for Mr. Vanderbilt. On being told that none of the family was in the city she said she had come to get \$50,000 that Mr. Vanderbilt owed her and demanded immediate payment. Her card bore the name of Mrs. Catherine Maloney, Riverdale, N. Y. A policeman was called and she was taken to the police station, where the magistrate sent her to the insane pavilion at Bellevue for observation.

Government Cable Completed.

Seattle, Wash., Aug. 29.—Laying of the governments marine cable from Skagway to Juneau was completed Aug. 23 and is now in operation. When the missing link of line in the course of construction from Vancouver to Ashcroft is completed, there will be direct communication from Skagway to Juneau to Seattle. This it is expected will be achieved in a few days. The cable is primarily for use of the signal corps but by act of congress is open for commercial messages at seven cents a word.

City of Clifton Sinks.

St. Louis, Aug. 29.—The steamer City of Clifton, owned by the St. Louis and Tennessee River Packet company, sank at Seventy-Six landing, about 15 miles above Grand Tower, Ill. She was bound for St. Louis and her cargo consisted mostly of lumber. Her passengers were transferred and arrived here on the steamer Chester. The boat can be saved. The sinking was caused by a break, the extent of which could not be stated.

The Record Coming West.

New York, Aug. 29.—The imperial German and United States mail steamer Deutschland has arrived in port with a new record to her score. This trip was made from Cherbourg Mole to Sandy Hook lightship in 5 days, 12 hours and 33 minutes, a distance of 3045 miles at average speed of 23 knots per hour. This is the quickest westward trip in point of time and over the shortest route.

New Gold Brick Swindle.

San Francisco, Aug. 29.—The very latest phase of a gold brick swindle has been developed in Alaska and Klondike, according to The Chronicle, which says that bogus gold dust and nuggets have been sent north in large quantities and disposed of as the product of various claims. Many persons are said to have been victimized. Two secret service agents now at Dawson are investigating the matter.

Woman Fatally Burned.

Fort Worth, Aug. 29.—Mrs. Andrew Aiken, wife of a railroad man who works for the Denver road, was fatally burned here. She attempted to light a fire to cook dinner, using a five gallon can of kerosene. The can exploded and the woman was covered from head to foot with the burning fluid.

Zachello Electrocuted.

New York, Aug. 29.—Joseph Zachello, who stabbed his mother-in-law, Mrs.

Caroline Muccio, to death at Tompkinsville, S. I., on Jan. 10, 1900, was put to death today in the electric chair at Sing Sing. Three shocks were given before he was pronounced dead.

Walked Out of the Window.

San Antonio, Tex., Aug. 29.—James Long of San Marcos walked in his sleep out of the second-story window of the Plaza hotel Wednesday night. He was found dead in an alley alongside the hotel with his skull crushed.

KNIGHTS TEMPLARS.

Henry Stoddard of Bryan, Tex., Elected to the Highest Office.

Louisville, Aug. 29.—For the first time since the conclave of the grand encampment of the Knights Templars began here, visitors today were able to take full advantage of the pleasure and sightseeing excursions which have been on the programme every day. With no all absorbing feature to occupy their time the knights and their ladies went for rides on the Ohio river, took excursions into the country to see Kentucky farms, battlefields of Tennessee, Mammoth Cave and Cumberland Gap. The festivities of the conclave reached the climax tonight when the Knights Templars grand ball was given in the horse show building.

Many knights have left the city and nearly all visitors who came to view the spectacles of the conclave have departed. The conclave ends tomorrow.

The business meeting of the grand encampment was called to order at 9:30 a. m. Reports of committees took up considerable time. The election of officers was scheduled to begin immediately after these reports and were to be by promotion and are as follows:

Henry Bates Stoddard of Bryan, Tex., grand commander, to succeed Reuben H. Lloyd of California.

Colonel George M. Moulton of Chicago elected to succeed Stoddard as deputy grand master.

Rev. H. W. Rugg of Rhode Island, was advanced one rank to the office of grand generalissimo, made vacant by the elevation of Colonel Moulton.

William B. Melish of Cincinnati, was elected to succeed Rugg as captain general.

Joseph A. Lock of Portland, Me., junior warden, was made senior grand warden.

The above officers were elected without opposition.

Frank H. Thomas of Washington was elected to the office of junior grand warden.

BOTH STANDING FIRM.

Neither Strikers Nor Steel Officials Will Yield to the Other.

Pittsburg, Aug. 29.—The strike situation continues quiet and devoid of interesting features. While the strikers still express satisfaction with prevailing conditions, the Steel Corporation is slowly but steadily increasing its forces at the plants already in operation and are preparing to open more mills. With this end in view and because of ample police protection, the American Tin Plate company, it is said, have made its Star plant in this city the school of instruction. Skilled men are in charge, who are instructing other men in the mysteries of tinplate making. When novices show a sufficient degree of proficiency they are to be sent to other plants. Managers of the various plants of the company will be there every day placing and teaching new men. The management of the works say 250 men are at work there now, but this is denied by the Amalgamated officials. They also claim that the plant is so small that it would take many years to turn out men enough to work the other plants.

President Shaffer officially denied several stories printed in the papers. He said there was no truth in the report that the Amalgamated association was making efforts to effect a settlement of the strike by trying to force the United States Steel Corporation into arbitration through the courts. The report that the Amalgamated lodges are voting on peace proposition is also denied President Shaffer.

Refused Burns' Plans.

Indianapolis, Aug. 29.—The plan of arbitration for a settlement of the steel strike, submitted by Simon Burns, president of the window glass workers and also head of the Knights of Labor, has been rejected by President Schwab, of the steel trust. Another proposition will be submitted to him by Burns.

All Radcliffe's Buildings Burned.

Denver, Aug. 29.—News has reached here that a mob has burned the remaining buildings belonging to William Radcliffe, at Grand Mesa Lakes. It was the burning of the hotel at this place recently by a mob that caused Mr. Radcliffe to call on the governor for troops to protect his property and caused the report that Radcliffe had appealed to the British government for its protection, claiming to be a subject of Great Britain. It is said that the trouble began when one of Mr. Radcliffe's guards killed a ranchman in a controversy to fish in the lakes. Since then all the buildings on Radcliffe's place, including

The bill for formation of judicial districts reported by the house committee does not change this district, the same counties being retained as heretofore, with no additions.

The house committee on Revenue and taxation reported favorably the bill to tax the gross receipts of oil companies, reducing the amount of the tax from 2 per cent to 1 per cent. Merchants dealing in oil are not affected by this proposed measure.

C. F. Z. Caracristi, the great oil expert now in Texas, says the Beaumont oil field is only a beginning of the oil discoveries in Texas. He further says: "At the beginning of the Twentieth century oil is to coal what coal was to wood at the beginning of the Nineteenth century. Coal will eventually be removed from use as a fuel and oil will take its place."

After prayer meeting last night at the Free Baptist church, a list of donations was started for the relief of the famine sufferers in Zapata county. The list will be increased this morning and sent off during the day.

A SECOND SESSION.

Legislature Requires More Time to Pass Necessary Bills.

ONE WILL BE CALLED

It Is Said the Governor Will Be Compelled to Reconvene Lawmakers or to Run the State Government on Script.

Austin, Aug. 29.—There is no possible chance for the appropriation bill to pass the special session of the legislature and another session will be had unless the governor runs the state on script for the next two years.

The senate proposes to place the blame upon the house for it finished its appropriation measure and sent it over to the house.

It has been pointed out that there is but one institution which can run unless an appropriation bill is passed, and that is the university. It is claimed that the issuance of deficiency warrants of the other institutions would be illegal.

Taking all things together it is believed the governor will call another extra session.

It now looks very much as if there will be no judicial or senatorial redistricting. It looks as if the congressional and representative redistricting might be accomplished. It is not safe to bet on either proposition. The judicial redistricting bill is a violent shaking up. If it should pass, several men would lose their jobs.

The house committee on revenue and taxation reported favorably the bill to tax the gross incomes of oil companies. An amendment was adopted changing the rate from 2 to 1 per cent. Another amendment was adopted so as to clear merchants who sell oil from paying the tax.

After Robbins Again.

Austin, Aug. 29.—The senate today attempted to have injected into the general appropriation bill an amendment providing that no officer of the state government shall receive from the state any salary when he is in arrears or indebted to the state. The amendment was directed at State Treasurer Robbins who is responsible to the state for \$358,000, tied up in the defunct First National bank. The object of the amendment was to legislate the state treasurer out of office. The amendment was voted down—16 to 8.

It was senate bill day in the house, and the following bills passed under a suspension of the rules: Providing for the redemption of land sold for taxes; amending the charter of the city of Austin; validating the incorporation of the city of Athens.

The measure authorizing all seacoast cities to levy taxes for sea walls met with 19 opposing votes and only went to its third reading.

Negroes Ordered to Leave.

Whitesboro, Tex., Aug. 29.—Since the murder of Mrs. Caldwell by the negro Abe Wilder, Aug. 16, there has been more or less friction between the whites and negroes, which culminated Tuesday night in a crowd of 50 armed men making the rounds of the negro houses and ordering them to leave the town, and not to delay, under penalty of severe punishment. Who these men were is not known, whether citizens of Whitesboro or from the adjacent country. Anyway, many of the negro population took them at their word and left.

Colorado Takes First Prize.

Louisville, Aug. 29.—Colorado commandery, No. 1 of Denver captured first prize in the competition drill teams from commanderies of Knights Templars. St. Bernard No. 25, the favorite with the majority of spectators, got second place, while Golden Gate, No. 16 of San Francisco and Hanselman No. 16, of Cincinnati came in for third and fourth prizes respectively. California commandery No. 1 being the only mounted command, had no difficulty in capturing the trophy for the best appearance and drill on horseback.

Charged With Assault to Kill.

Paris, Tex., Aug. 29.—Thurman Martin, a youth 19 years old, was brought in by Sheriff Martin from Graham, Young county, on the charge of assault to murder. In a difficulty with Pete Knight, another boy, during a protracted meeting at the Methodist church on Round Prairie a week ago last Thursday night, the latter was stabbed under the heart with a pocketknife.

Money Changing Machine.

Houston, Aug. 29.—C. J. Wolf, patentee of a money changing machine, has received news of the sale of his machine to a New York syndicate for \$25,000. The work of selling the machines is to be begun immediately. He is a stockholder in the company.

Money for State Militia.

Washington, Aug. 29.—Of the militia appropriation the following states receive the amounts set opposite their names: Arkansas, \$16,993; Louisiana, \$16,993; Mississippi, \$19,117; Tennessee, \$25,490; Texas, \$1,802; New Mexico, \$516; Oklahoma, \$702.

Charged With Desertion.

Taylor, Tex., Aug. 29.—After a chase here three alleged deserters from Fort Sam Houston were captured by Deputy Constable Claude Smith and Deputy Sheriff Morgan Griffith. There is a reward of \$25 for the capture of each.

DEATH LIST GROWS.

Eleven Persons Dead and Nine Missing in the Trenton's Wreck.

Philadelphia, Aug. 29.—Eleven known dead, 9 missing and 32 injured is the record made by the explosion of the boilers of the steamboat City of Trenton on the Delaware river late Wednesday afternoon. All Wednesday night firemen and policemen, officials and employees of the Wilmington Steamboat company, which owned the ill-fated vessel, worked in and around the burned and blackened hull, searching for bodies of the victims of the disaster, believed to be either in the vessel or the water. Hundreds of men dragged the river bottom with grappling irons and will continue to do so until every person that was on the boat is accounted for. Of the eleven bodies that have been recovered ten have been identified.

The dead are: John Chew of Camden, N. J., Assistant engineer of the City of Trenton.

Miss Elizabeth Green of Philadelphia. William Dunn of Philadelphia. Arthur Lensing of Trenton, N. J. James O'Connell, fireman, Philadelphia.

Mott Mable, fireman, Philadelphia. August Mable, a deck hand, Philadelphia.

James Graham, engineer, Trenton, N. J.

James McCormick, Wilmington, Del., a passenger.

W. H. Kean, Philadelphia, a passenger.

The unidentified body is so badly burned even its sex cannot be determined.

Among the missing are Miss Ethel Stokes of Trenton and Miss Helen Brist, daughter of ex-Mayor John Brist of Trenton.

A report says the City of Trenton was racing with the rival steamer Twilight and was carrying too much steam when the explosion occurred. Police are investigating.

THE BOER WAR.

British War Methods Criticized by Some English Journals.

New York, Aug. 29.—Extremes meet in criticism of the war office methods, says the London correspondent of The Tribune. The pro-Boer journals magnify the chance of petty reverses in Cape Colony and reproach the government for distorting and suppressing essential facts in the military situation and misleading the country through silly optimists. Military critics consider that the blunders committed in sending out reinforcements to the imperial yeomanry without medical examination is utterly inexcusable during the closing period of the campaign and a staunch imperial journal like the St. James Gazette is unable to understand why the government refused the offer of the Canadian government to raise a regiment of mounted men for hunting down the guerrilla nor why preliminaries were not arranged between the war office and Ottawa, and an unpleasant impasse avoided.

The press censorship is not a new grievance and it does not explain the prevailing ignorance respecting the military operations in Cape Colony district, where small bands of Boers have been hiding and looting. These sections are so far removed from the railway that it is impossible for press agents to collect accurate information.

Despite the pessimistic feeling expressed by many journals, it is fairly certain that the British are slowly gaining ground. The war will not end under the limitations of General Kitchener's proclamation in the middle of September, but the pacification of the most important districts will be undertaken in earnest around Johannesburg, Pretoria and Bloemfontein through a revival of mining and agricultural industries.

Just as Vlakfontein was on the point of being forgotten, the news comes that at Graspan, near Reitz, on June 6 three British soldiers were murdered by the Boers. There cannot be any attempt to justify such barbarous methods of conducting warfare, but General Kitchener's announcement is discredited by some of the radicals, pending an examination of the evidence on which it had been issued.

While there is general approval of the instructions sent by cable by William St. John Broderick to General Kitchener, the pro-Boer Daily News maintains that the proposal to hold an entire commando responsible for an act which may be due to a mistake or to the insubordination of one or two men, is altogether indefensible.

The Chronicle, which is a supporter of Lord Rosebery, counsels caution, and recommends to General Kitchener to consider carefully the terms suggested by the war secretary before embodying them in a proclamation. Apparently the representatives of the Boer cause in Europe are still persisting in their efforts to persuade the great powers to move in their behalf.

QUESTION ANSWERED.

Yes, August Flower still has the largest sale of any medicine in the civilized world. Your mothers' and grandmothers' never thought of using anything else for Indigestion or Billiousness. Doctors were scarce, and they seldom heard of Appendicitis, Nervous Prostration or Heart failure, etc. They used August Flower to clean out the system and stop fermentation of undigested food, regulate the action of the liver, stimulate the nervous and organic action of the system, and that is all they took when feeling dull and bad with headaches and other aches. You only need a few doses of Green's August Flower, in liquid form, to make you satisfied there is nothing serious the matter with you. Get Green's Prize Almanac. For sale by Wilson-Jenkins Drug Co.

For special train passing Bryan Sept. 1, 6:22 a. m., H. & T. C. will sell round trip Galveston, fare \$2.90; Houston, fare \$1.75. Good to leave Galveston 8:00 p. m., Sept. 1, or 7 a. m., Sept. 2. Good to leave Houston up to and including 10:00 a. m. train Sept. 2nd. W. S. Wilson, Agt.

Where do You Get Off?

It is a wise thing to know when to get off a train, but prudence would suggest that you get off when the train is standing still, as you would no doubt be worth more to your family by doing so.

Now let us help you to decide where to get off. If you are preparing to take your summer vacation, why not get off at Galveston, La. Porte, Seabrook or Port Lavaca. Our trains all stop at Houston and make close connections with G. H. & N. and N. Y. T. & M. railways for points mentioned, and with the San Antonio and Aransas Pass Railway for Rockport, Corpus Christi and Aransas Pass.

All the hotels at these points are modern in their appointments and you will find the surf bathing, boating and fishing, just what you need in the way of relaxation. Local Agents of the Houston & Texas Central Railroad will be glad to quote you rates, or you should write to:

S. F. B. Morse, P. T. M. Houston, Texas.

M. L. Robbins, G. P. & T. A. Houston.

A. G. Newsum, D. P. A. Dallas.

Our work is Admired

SPECIAL FAIR DAYS ARRANGED.

Texas Colleges, Farmers, Ex-Confed-
erate, Old Settlers and Bryan Days.

The Central Texas Fair man-
agement announces that special
days of the fair have been ar-
ranged as follows:

Tuesday, November 5, will be
College day. All the colleges in
the state will be invited to attend,
and the A. & M. College will in-
vite them to be its guests on that
day. Athletic sports will be a fea-
ture, and if possible a first-class
football game will be arranged.

Wednesday, Nov. 6 will be
Farmers, ex-Confederate and Old
Settlers' day. All the ex-Confed-
erate camps in this section of the
State will be invited, and appro-
priate addresses will be delivered
by prominent speakers.

Thursday, Nov. 7, will be Bryan
day, the greatest of all, and it is
expected that all the business
houses of the city will close at
least a part of the day in order to
give everybody an opportunity to
attend. An address will be de-
livered on this occasion by one of
the most prominent public men in
the state.

Various interesting features will
be arranged each day in addition
to the exhibits and premiums.
The amusement committee is clos-
ing contracts daily for special at-
tractions.

Citation by Publication.

THE STATE OF TEXAS—To the Sheriff of any County of Brazos County, appearing:

You are hereby commanded by making publication of this citation in some newspaper published in the County of Brazos for four successive weeks, previous to the return day thereof, you summon Hiram H. Webb, J. C. Webb, Court D. Webb and wife Hattie M. Webb, Elias E. Post and wife Mary R. Post, and Peter W. Anderson and Geo. W. Grabbie, J. M. Halton, A. V. Halton and Sarah Corrigor, who are non-residents of the State of Texas, to be and appear before the District Court in the City of Bryan, on the first Monday, being the 2nd day, in September, A. D. 1901, then and there to answer the plaintiff's petition, filed in a suit in said Court on the 8th day of August, 1901, wherein W. K. Synnys is plaintiff, and John W. Gee, Hiram H. Webb, J. C. Webb, Court D. Webb and his wife Hattie M. Webb, Elias E. Post and his wife Mary R. Post, and Peter W. Anderson, Geo. W. Grabbie, J. M. Halton, A. V. Halton and Sarah Corrigor are defendants. File number of said suit being No. 3464. The petition of said plaintiff reciting in substance as follows, viz: That on July 15, 1892, the plaintiff purchased from A. Whittaker the east half of the Sterrett D. Smith league of land in Brazos county, Texas, by a warranty deed recorded in volume 9 page 461, deed records of Brazos county, Texas, and entered into possession of said land and still holds same. That in Vol. 2, page 256, in the deed records of Brazos county, Texas, there is entered an instrument signed by Alfred Whittaker purporting to convey to Alfred Gee the following described tract of land: "situated in the State of Texas, viz: One half league of land in Brazos county being the headright Sterritt D. Smith, and bot by me from the said Smith." That said instrument is unauthenticated, and was unlawfully admitted to record. That the following deeds were made, to-wit: Alfred Gee to John W. Gee, recorded in book O, page 466; John W. Gee to Hiram H. Webb, recorded in book O, page 58; Webb to John C. Webb, recorded in book O, page 59; John W. Gee to J. C. Webb, recorded in book O, page 58; Court D. Webb and Hattie M. Webb to Elias M. Post, recorded in book 5, page 188; E. E. Post and wife to Peter W. Anderson, recorded in book 6, page 261; E. E. Post and wife to Geo. W. Grabbie, recorded in volume 5, page 551; E. E. Post and wife to J. M. and A. V. Halton, recorded in volume 6, page 138; E. E. Post and wife to Sarah F. Corrigor, recorded in book 6, page 420; Corrigor to E. E. Post, recorded in volume 8, page 262. That said purported deed from Alfred Whittaker to Alfred Gee, and all deeds above set out to parties attempting to hold under said purported deed to Gee, are a cloud upon plaintiff's title.

Plaintiff prays for process, and for judgement declaring the title from Alfred Whittaker to Alfred Gee to be null and void and of no force and effect, for costs of court and general and equitable relief.

Herein fail not, but have you before said Court, on the said first day of the next term thereof, this citation with your return thereon, showing how you have executed the same.

Attest—J. W. Batts, Clerk of the District Court of Brazos county.

Given under my hand and the seal of said Court, at office in Bryan in the County of Brazos in the State of Texas, this 8th day of August, 1901.

J. W. Batts,
Clerk District Court, Brazos County, Texas.

E. A. BERRY,
Attorney-at-Law.

Will practice in the courts of Brazos and adjoining counties. Office over First National Bank BRYAN, TEXAS.

THE BOILER EXPLODED.

Seven Persons Were Killed and Four More Missing.

Philadelphia, Aug. 29.—While the steamer City of Trenton was on her way from this city to Trenton, N. J., her port boiler exploded killing J. D. Chew, assistant engineer; Miss Elizabeth Green of Philadelphia, two men, one deckhand and two passengers, and injuring over a score of others. Four passengers are missing, but as many sustained slight injuries it is believed the missing may be among those who did not find it necessary to go to the hospital.

After the explosion the boat took fire and ran aground and now lies a wrecked and blackened hulk in the marshes opposite Torresdale, 16 miles above this city. Her hold is filled with water and it may be that more of her passengers and crew may be found in the bottom of the boat when the water is pumped out.

The City of Trenton made daily trips between Philadelphia and Trenton, stopping at Burlington N. J., Bristol, Pa., and other points on the way.

At Torresdale, the steamship connected with the port boiler burst with a loud report. Then another explosion rent the port boiler in twain. Scalding steam and water was poured into the cabin and sections of the woodwork of the boat were torn away. Those of the passengers who were not scalded were struck by the flying portions of the splintered cabin. Legs and arms were broken and faces and arms were parboiled.

The screams of the injured could be heard on shore and the cries of those who leaped and were blown into the river were heartrending.

So great was the force of the explosion that a piano in the upper drawing room of the boat was hurled many feet away from the boat into the river. This proved a fortunate circumstance, for many of the injured, thrown into the water scalded and otherwise injured so that they were rendered helpless, clung to the piano until rescued.

When the explosion occurred Mate Vanderver and Pilot Curry were in the pilot house. Both were hurled with terrific force from the little enclosure and the wheel for some unaccountable reason began revolving with lightning like rapidity. As a result of this, the rudder turned the bow of the boat towards shore and she quickly ran aground fastening herself in the mud. The water was not more than four feet deep and many waded ashore unassisted.

STOWERS SUSPENDED.

The Governor of Mississippi Takes Action Against State Treasurer.

Jackson, Miss., Aug. 29.—Governor Longino has signed a document suspending State Treasurer J. R. Stowers and appointed Hon. G. W. Carlisle temporary treasurer. Mr. Stowers in his statement given out last Friday said that the \$107,000 missing and unaccounted for when the governor counted his cash on Aug. 15, was deposited in banks by his cashier, Mr. Raiford, under his (the treasurer's) direction, which is forbidden by law. All the banks of Jackson having denied that they had any of this money on deposit, the governor Tuesday night wrote Mr. Stowers for a full and complete statement in writing as to where the deposits were made and all things connected with the transaction. The governor required an answer by 9 o'clock Wednesday morning.

Treasurer Stowers' answer to Gov. Longino's letter as to the whereabouts of the cash missing on Aug. 15 is a very long document. He declines to name the banks wherein the cash was deposited. The governor, auditor, a revenue agent, Bank Cashiers Jones and Anderson and the old and new treasurers recounted the cash Wednesday night. An expert accountant also will be employed at once to overhaul the books, and on his report, ouster proceedings will be instituted against the treasurer for the alleged violation of the law in failing to keep the money in the treasury. Mr. Stowers retained counsel to represent him.

Mr. Carlisle, the new treasurer, is an alderman of the city of Jackson. He has made the required personal bond and entered upon the discharge of his duties.

Gas Explosion in a Coal Mine.

Strawn, Tex., Aug. 29.—M. F. Cherryhome, a miner in the employ of the Strawn Coal company, died as a result of burns received by an explosion of gas in the mines. The gas had accumulated in a pocket in the roof of the mine, and Cherryhome in passing under this pocket ignited the gas with his lamp. Several miners, near him at the time of the explosion, saved themselves by falling flat on the bottom.

Sues on an Old Bond.

Marshall, Tex., Aug. 29.—J. G. Hendricks of Elysian Fields, in this county, has brought suit in the county court against the county commissioners' court to compel the payment of a bond for \$250 issued by Harrison county in aid of Confederate soldiers. The claim was allowed by the county commissioners at the February term 1900, but later they reconsidered their action.

Killed by a Fall.

Houston, Aug. 29.—Mr. Landrum, the father-in-law of Alderman Halverton, met with a mishap Wednesday which resulted in his death. He fell headlong down a stairway on Prairie street, his head coming in contact with a stone walk. The blow fractured his skull and death shortly resulted.

ONE WAY TO SETTLE.

Steel Officials Satisfied the Way That the Strike Now Stands.

Pittsburg, Aug. 29.—The latest declaration from steel officials is that the strike can be settled only by the men going back to the mills. The position the officials take is that the strike is over so far as their dealing with the strikers as a body is concerned. They want workmen for their idle mills and men who want work can have it for the asking at wages paid before the shut down. They may be union men or not, but the union men can have no say as to their work or wages.

Another arbitration scheme has been launched by Simon Burns, president of the Window Glass Workers' association. Mr. Burns proposes an arbitration committee selected from among such men as Archbishop Ireland, Bishop Potter, Seth Low and others of like prominence. Their decision is to be final and accepted by both parties.

The steel corporation continues making gains in this district and Wednesday added enough men to its force at the Star plant to insure the working of two mills double turn night and day from now on. The management claims that the entire plant will be working full time before the week ends.

Mr. Shaffer declares that the strike is proceeding satisfactorily and his association is making such serious inroads on the corporation's business that it will be compelled sooner or later to come to terms.

Farmer Strangles Himself.

Cuthrie, O. T., Aug. 29.—W. B. Millward, a prominent farmer of Custer county, was found dead in a creek near his home with a handkerchief tied tightly about his neck. On the table in the house were found written directions for his funeral and for the settlement of his affairs. He stated that he would commit suicide because of poor health and financial reverses.

Convicted of Lynching.

Wetumpka, Ala., Aug. 29.—George Howard has been convicted of murder in the first degree and sentenced to life imprisonment. Howard was a member of the mob which lynched Robert White, a negro, in this county some months ago. Howard is one of the most prominent farmers in this section of the country. Others are being tried for complicity.

British Take the Torpedo.

Madrid, Aug. 29.—As the British fleet in Spanish waters was drilling a torpedo which had been launched straddled on the shore in front of the La Lina. A party of men-of-war-men was sent to recover it, but were prevented from doing so by a detachment of Spanish carbiniers. The landing party was strongly reinforced from the fleet, overawed the carbiniers and took the torpedo.

Nebraska Republicans.

Lincoln, Aug. 29.—Republicans of Nebraska, in state convention here nominated a ticket and adopted a platform in harmony with party policy.

The ticket is as follows:
Justice of the supreme court—Samuel H. Sedgewick.

Regents of the university—Carl J. Ernest and H. L. Gould.

Grief Drove Her to Suicide.

Temple, Tex., Aug. 29.—From persons who came from Moody the details of a terrible tragedy that occurred in that village Tuesday are learned. Monday Al Williams died and was buried. His wife was frantic with grief and committed suicide by shooting herself in the head.

Serious Shortage of Water.

Cameron, Tex., Aug. 29.—The long drought has caused this year to be compared in 1879. Water is getting scarce in many places and farmers in some localities are hauling water several miles. There is a scarcity of water in the Yarrington neighborhood and Elm Creek is dry, except where temporary dams were constructed and water thus collected.

Sword for General Hare.

Sherman, Tex., Aug. 29.—Citizens of Grayson county did honor to General Luther Hare Wednesday during the celebration here by presenting him with a beautiful sword studded with precious gems and etched all over. Senator Bailey made the presentation speech.

Gusher Shut Off.

Beaumont, Tex., Aug. 29.—The mad gusher of the Palestine-Beaumont Oil company was placed under control by Diver Fred Chase Wednesday afternoon and entirely shut in. There was no trouble.

Fatally Hurt by Lightning.

Paducah, Ky., Aug. 29.—D. T. Howard, station agent and James Robins, section foreman, was struck by lightning at Pryorsburg and fatally hurt. Storms did great damage to crops in this section.

Child Assaulted.

Denison, Tex., Aug. 29.—A message from Ravis, I. T., says Clara Bells, five years of age, was criminally assaulted at Troy, and it is feared she will die. A boy of 16 was arrested and taken to Tishomingo.

Struck a Vein of Coal.

Mineral Wells, Tex., Aug. 29.—At a depth of 40 feet, on the Gulf and Brazos Valley railway, six miles southeast of here at Kent, prospectors have struck a 26-inch stratum of coal.

Cotton on Fire.

London, Aug. 29.—Fire has broken out in the cotton in the second hold of the British steamer Mipool from Galveston on Aug. 5 and Norfolk Aug. 15, which arrived at Havre.

Special satisfaction is expressed by the ladies in the commodious dressing rooms found in our Pullmans, and all our guests appreciate the freedom from carving, superfluous decorations and stuffy plushes, which is a distinctive and welcome feature of the most up-to-date Pullman Sleepers—the kind we have two of each day, run through without change. Our Day Coaches are also of the latest design, elegant in their dignified simplicity, with very comfortable high-back seats, the equal of any similar equipment. No other line operates Cafe Cars from Texas, and no other line runs through trains to Colorado (and our time is far and away the shortest, too); no other line has Observation Sleepers to the Northwest, no other line makes a specialty of Colorado Tourist travel.
